About Us

LifeTime Financial Group Pty Ltd, corporate authorised representative (CAR), number 235519, trading as LifeTime Financial Group Pty Ltd, is authorised to provide financial services on behalf of Advice Evolution Pty Ltd.

LifeTime Financial Group Pty Ltd is a leading financial services provider.

The principal of LifeTime Financial Group Pty Ltd (Anthony Stedman) has been providing Financial Planning Services and Advice to Private Clients since the late 80's.

Our core values of Professional Excellence, Open and Honest Communication and Responsibility for our Advice and Actions are cornerstones of who we are and what we offer our clients.

We have built a great team of support staff who are dedicated to continuously improving the levels of service we deliver to our clients. Through continuing education and a strong team approach, we consider our services to reflect Industry Best Practices.

The following individuals are authorised by Advice Evolution Pty Ltd to provide personal financial advice through LifeTime Financial Group Pty Ltd

Our financial planning process

Everyone is different, with different circumstances, needs and goals. We treat every client as an individual, but follow a defined financial planning process, to make sure you know what to expect from us.

Identifying where you want to be

We help you identify your financial and lifestyle goals and explain the services we offer to help you achieve them. The type of advice you need could depend on your life stage, the amount of money you want to invest and the complexity of your affairs.

We will help you to identify the range of issues that need to be addressed to meet your goals. You can then decide whether you want our advice to meet a single need or a broad range of issues.

Considering opportunities and risks

Good personal advice starts with a clear understanding of your current situation. We take a close look at your current financial situation – assets, debts, income, expenses, and insurance, and explore the options you could use to reach your goals.

Bridging the gap

Based on the research we have conducted, we will recommend a strategy to bridge the gap between where you are now and where you want to be.

Bringing your plan to life

We work closely with you to implement your financial plan. We help you to complete any necessary paperwork and are available to attend meetings with your accountant, solicitor, and general insurer so that your strategy is implemented efficiently.

Staying on track with regular ongoing advice

Time goes on and circumstances and needs change. The final step in our advice process ensures your financial plan remains on track, by providing you with regular ongoing advice.

We design an ongoing service program to ensure your plan remains up to date as your life changes and so you can obtain the benefits of ongoing reliable advice.

Sometimes, life takes us in unplanned directions. When you need a little extra help on top of our initial or ongoing advice, just ask us to provide you with some additional advice. We are there to help you – whatever the occasion.
